
Adrian Häsler

Leiter Grid Infrastructure
Jahrgang 1966, Schweizer

Adrian Häsler is a graduate electrical engineer (dipl. Elektroingenieur HTL) and has an Executive MBA from the University of St.Gallen. He started his career at the Kraftwerke Oberhasli AG (KWO) as the Head of Operational Management. In 2000, he became the Head of the Secondary Systems department at Nordostschweizerische Kraftwerke AG (NOK). In this position, he was responsible for the design, project development and realisation of substation projects in the area of security, control, measurement and monitoring. From 2007 onwards, Häsler was a member of the Hydroenergy Division management at Axpo Power AG and Head of the Technical Support business unit, which was responsible for the planning, construction and maintenance of hydroelectric plants.

Adrian Häsler joined Swissgrid in April 2017. On 3 April 2019, he was appointed Member of the Executive Board and Head of Grid Infrastructure.
